***Note:** The Lake District does not give out, nor, at this time, do we use e-mails addresses for official communication; we ask for it here only for emergencies concerning your boat. Should we need to contact you, and other methods do not work, we have your e-mail, should you write it here, as a backup contact method.

Internal Use:

The Board Member must review and compare the information written on the form with the actual registration for the boat. The type of boat, make, color, length, motor HP, propulsion type, State and registration number must be taken directly off of the registration paper. If the owner does not have a registration paper, they cannot operate on the lake, as power boats are required by CT law, to have current registration forms. Received/Reviewed By: _____ Date: _____
